- Saturdays 7am - 1pm, May 7 thru October 22. No market on May 28, June 11, July 2, September 3 & October 29. \$7 weekly permit fee collected on site, bring own tables & chairs.

# Mayor's Message

## by Dennis J. Scheessele

The 2011/2015 Town Council took office on Tuesday evening May 10<sup>th</sup> at a Swearing-In Ceremony before family, friends and constituents. Sharon L. Hancock, Clerk of the Court for Charles County, administered the oath of office to the Mayor and then administered the oath of office to the Vice-Mayor and Councilman in the presence of the Mayor. After taking our oaths of office, we signed copies of our oaths of office and signed record entries in the logbooks for the County and the Town.

The evening was a festive one marking the transition from the 2009/2011 Town Council to the 2011/2015 Town Council. Ryan Hicks, our Town Manager, served as Master of Ceremonies for the program, which featured Presentation of Colors by the Henry E. Lackey High School AF / JRROTC Color Guard and the singing of the National Anthem. The Henry E. Lackey High School AF / JRROTC Color Guard performed professionally with traditional military marching style in presenting the colors. And Sarah Gray sang a stirring rendition of the National Anthem. The Town Council offers them our sincere thanks and congratulations for jobs well done. It will be our pleasure to invite them to return for events in the future.

I wish to thank my family and all the citizens of Indian Head for honoring me to serve you as Mayor again. I have been privileged to serve you as a Councilman, Vice-Mayor, and Mayor over the past 26 years and am looking forward to serving you in this new term. Again, I am grateful and wish to sincerely thank you for the honor and trust that you have bestowed on me for this new term.

Summer and the end of the school year is coming very quickly. And with the coming of summer and the increased presence of children in yards near the streets and walking and bicycling to parks and ballfields, all drivers need to be more alert and drive more carefully. I think everyone will agree that some drivers drive too fast much of the time and that many of us drive too fast some of the time. This puts our children at risk of injury. If you race from one end of town to the other at 10 mph over the speed limit, you might be able to save a little bit more than a minute. But, when you race from one end of town to the other at 10

mph over the speed limit, you will significantly endanger children. Trying to save time isn't worth endangering children. So, I urge you to drive slower and more carefully this summer and at all times when children are present. Additionally, I ask parents to impress upon your teenage drivers the importance of driving slower and more carefully on neighborhood streets. The children you will protect by taking these simple steps aren't anonymous kids. They are your children and your neighbors' children. So, drive slower and more carefully.

The Mayor, Council and staff of the Town of Indian Head wish each of you a safe and enjoyable summer.

### Indian Head Rail Trail Safety Tips

1. Enjoy the trail with a friend. Always walk, jog or bike with a partner.
2. Carry a cell phone and always know your location on the trail.
3. Do not wear head phones.
4. Be aware of your surroundings at all times.
5. Obey all traffic signs, stop at all road crossings and yield to oncoming traffic.
6. Keep to the right side of the trail (never more than two abreast) so that others may pass.
7. Report trail operations and maintenance needs to the Park Office at 301-932-3470.
8. To report a fire, crime or accident requiring medical attention, call 911.
9. Whistles and noise makers make good safety accessories.

## TOWN OF INDIAN HEAD OFFICIALS / BOARDS / PERSONNEL

### Mayor

Dennis J. Scheessele

## NEW TRASH PICK-UP SCHEDULE

Effective July 1, 2011 the Town of Indian Head will be going to once a week trash pick-up for residential and multiple residential within the Town. Commercial will remain with twice a week pick-up.

If you currently have your trash picked up on Mondays and Thursdays, your new day will be **Thursday**.

If you currently have your trash picked up on Tuesdays and Fridays, your new day will be **Tuesday**.

Commercial pick-ups will now be done on Mondays and Fridays.

Yard Waste and Recycling will remain on Wednesdays.

Please make note of these changes. For more information contact Town Hall at 301-743-5511.

## **ATTENTION TOWN OF INDIAN HEAD BUSINESS OWNERS**

Did you know that a Town of Indian Head Business Association is now forming? Do you have interest in networking with local businesses? If your answer is yes, then we would like to invite you to our next meeting on the 2nd Wednesday of every month at 8:30am at Dales Smokehouse.

Our mission as a business association is to build promotional relationships, share resources, opportunities, ideas, and surround you with self-motivated and creative people. Take opportunities to share your story with others in the association and/or develop new ideas to promote your business.

All of these tactics can directly improve your business as well as help develop the business substance in the Town of Indian Head. All business owners, within the town, are welcome. Whether you have a storefront business or operate a business from home (Avon, Tupperware, Antiques, Design, etc.) please join us. In order to obtain status as an actual business association, we need 6 consecutive meetings with an attendance of 6 or more attendees. Let's make this happen! Please feel free to contact Pam or Kay for more information.

### **Congregation SHA'ARE Shalom**

Services 1st Friday, 2nd & 4th Saturday  
every month. 301-645-4606

# Fire Department Useful Information

## Summer Fire Safety

Every year we look forward to summer vacations, camping, family reunions, picnics, and the Fourth of July. Summer-time, however, also brings fires and injuries due to fireworks and outdoor grills. More than 8,000 people annually are injured by fireworks and grill fires. More than half these injuries occur during the first week of July.

Families also enjoy camping in the summer. It is important to follow the park's rules for the use and extinguishing of campfires. By following these simple safety tips, you can make your grilling experience, family get-together and other outdoor activities safer and avoid accidents or injuries for an enjoyable summer

## Barbecue Safety

### Gas Grills

Inspect your grill prior to using for cracked, brittle or damaged hose lines. Spray soapy water on all the lines and connections, if soapy bubbles appear, turn the tank off and make needed repairs. If you suspect a leak or smell an odor, **DO NOT** attempt to light your grill. Turn the cylinder valve off and do not attempt to light the grill until all leaks are repaired. When lighting the grill, open the lid, turn on the gas, if the burner does not light within 5 seconds, turn the burner off, wait 5 minutes then try again. Never use your grill indoors and keep any grill at least 10 feet away from your house or any building. Remember to never use your grill under any structures that can catch fire. These include carports, patio covers, porches and breezeways. **NEVER** store LP gas in homes or garages. LP-gas is heavier than air and a leaking cylinder would allow the gas to seep into the home.

### Charcoal Grills

**NEVER** burn charcoal in an enclosed facility. When charcoal is burned, it produces carbon monoxide, a colorless and odorless gas that can be deadly when inhaled. Approximately 30 people die and 100 are injured as a result of breathing carbon monoxide from charcoal each year. Use only approved starter fluids designed for these grills. Never use gasoline. Never add fluid to the fire while it's burning. Position the grill well away from

siding, deck rails and all other flammable/combustible materials. **Never leave a burning grill unattended.** Remember that the charcoal briquettes remain extremely hot even after your finish cooking. Hot coals can result in severe burns if not handled properly. Allow the coals to cool completely, approximately 24 to 48 hours prior to disposal and place all coals in a metal container. Never use a plastic container for disposal.

**As a reminder, use of a gas or charcoal grill on balconies is strictly prohibited within the town limits. The use of these devices on balconies is also prohibited by Maryland State Fire Laws and is subject to a fine by the State Fire Marshal's Office.**

## Campfire Safety

Build campfires where they will not spread, away from dry grass and leaves. Keep campfires small, and don't let them get out of hand. Keep plenty of water and a shovel around to douse the fire when you're done. Stir it and douse it again with water. Never leave campfires unattended. Be sure the fire is completely out before leaving, hot embers or ashes can reignite very easily.

## Fireworks Safety

The best way to enjoy fireworks is to visit public fireworks displays put on by professionals who know how to safely handle fireworks. If you plan to use fireworks, make sure they are legal in your area. **Remember, only ground based fireworks are legal in Maryland.** Never light fireworks indoors or near dry grass. Always have a bucket of water and/or a fire extinguisher nearby. Know how to operate the fire extinguisher properly. Do not wear loose clothing while using fireworks.

Stand several feet away from lit fireworks. If a device does not go off, do not stand over it to investigate it. Put it out with water and dispose of it. Always read the directions and warning labels on fireworks. If a device is not marked with the contents, direction and a warning label, do not light it. Supervise children around fireworks at all times. your family can have many safe and enjoyable summer cookouts. The Indian Head Vol. Fire

Department and Rescue Squad wishes you and your family a safe and happy summer season. If you have any questions or are interesting in joining us to serve the community, please contact the Fire Department at 301-753-9400 or 301-743-3900.

## Heat Related Emergencies

Heat-related deaths and illness are preventable yet annually many people are overcome by the extreme heat. Historically, from 1979-2003, excessive heat exposure caused 8,015 deaths in the United States according to the Center for Disease Control. During this period, more people in this country died from extreme heat than from hurricanes, lightning, tornadoes, floods, and earthquakes combined. In 2001 alone, 300 deaths were caused by excessive heat exposure.

People suffer heat-related illness when their bodies are unable to compensate and properly cool themselves. The body normally cools itself by sweating. However, under some conditions, sweating just isn't enough. In such cases, a person's body temperature rises rapidly. Very high body temperatures may damage the brain or other vital organs.

Several factors affect the body's ability to cool itself during extremely hot weather. When the humidity is high, sweat will not evaporate as quickly, preventing the body from releasing heat quickly. Other conditions related to risk include age, obesity, fever, dehydration, heart disease, mental illness, poor circulation, sunburn, and prescription drug and alcohol use.

Because heat-related deaths are preventable, people need to be aware of who is at greatest risk and what actions can be taken to prevent a heat-related illness or death. The elderly, the very young, and people with mental illness and chronic diseases are at highest risk. However, even young and healthy individuals can succumb to heat if they participate in strenuous physical activities during hot weather. Air-conditioning is the number one protective factor against heat-related illness and death. If a home is not air-conditioned, people can reduce their risk for heat-related illness by spending time in public facilities that are air-conditioned.

# Fire Department – Continued

Summertime activity, whether on the playing field or the construction site, must be balanced with measures that aid the body's cooling mechanisms and prevent heat-related illness.

The following are the three major types of Heat Related emergencies and the signs, symptoms and first aide steps for these possible life threatening emergencies.

## Heat Cramps

Heat cramps usually affect people who sweat a lot during strenuous activity. This sweating depletes the body's salt and moisture. The low salt level in the muscles may be the cause of heat cramps. Heat cramps may also be a symptom of heat exhaustion. Heat cramps are muscle pains or spasms—usually in the abdomen, arms, or legs—that may occur in association with strenuous activity. If you have heart problems or are on a low-sodium diet, get medical attention for heat cramps.

## Heat Exhaustion

Heat exhaustion is a milder form of heat-related illness that can develop after several days of exposure to high temperatures and inadequate or unbalanced replacement of fluids. It is the body's response to an excessive loss of the water and salt contained in sweat. Those most prone to heat exhaustion are elderly people, people with high blood pressure, and people working or exercising in a hot environment. The skin may be cool and moist. The victim's pulse rate will be fast and weak, and breathing will be fast and shallow. If heat exhaustion is untreated, it may progress to heat stroke. Seek medical attention immediately if any of the following occurs:

- Symptoms are severe
- The victim has heart problems or high blood pressure

Otherwise, help the victim to cool off, and seek medical attention if symptoms worsen or last longer than one hour.

## Heat Stroke

Heat stroke occurs when the body is unable to regulate its temperature. The body's temperature rises rapidly, the sweating mechanism fails, and the body

is unable to cool down. Body temperature may rise to 106°F or higher within 10 to 15 minutes. Heat stroke can cause death or permanent disability if emergency treatment is not provided.

Summertime should be a time for fun and making happy memories. By following these simple safety rules and exercising caution when grilling, camping or outside during the hot summer months you and your family can have many safe and enjoyable summer time events. The Indian Head Vol. Fire Department and Rescue Squad wishes you and your fami-

ly a safe and happy summer season. If you have any questions or are interesting in joining us to serve the community, please contact the Fire Department at 301-753-9400 or 301-743-3900.

On March 16, 2011 Exit Landmark Realty in White Plains had a Ribbon Cutting celebration to unveil the Homes for Heroes® program to Southern Maryland. This program offers Real Estate Savings for Military Personnel (active duty and retired), Firefighters, Police Officers, First Responders, Healthcare Workers and Educators.

Homes for Heroes® was organized shortly following the tragic events of 9/11/2001, by a small group of seasoned Realtors® in Minnesota, who wanted a way to say “Thank You” to the brave men and women who serve our nation and its communities. Hero discounts on real estate related services come from our talented and caring affiliates. They agree to say “Thank You” by giving significant rebates and discounts when Heroes buy, sell or refinance a home! Additional savings are available through the Friends of Heroes® program.

Currently, Homes for Heroes has more than 300 affiliates in 36 states and is growing rapidly. Here is the Homes for Heroes® Promise:

✓ No forms. ✓ No red tape. ✓ No fine print. ✓ No hidden fees. ✓ No catch.

Lender Affiliates also offer discounts on mortgages to our Heroes, we have several in the Southern Maryland area and are eager to help making homeownership possible. Our generous and community minded affiliates believe that for our Heroes, **Service Deserves Its Rewards®** and they are here to see that they get them!

I became a REALTOR® Affiliate so that I can be a part of the network of professionals to help our HEROES purchase or sell their homes. I find a great deal of satisfaction knowing my services and knowledge of the real estate market can help those that deserve such rewards. **Our heroes!** I am so blessed to have a real hero in my immediate family, and to recognize the sacrifices made every day. My hero is my son-in-law Michael; he continues to show his dedication to his country as a Special Forces soldier for US Army. We have so much we take for granted, it's time to give back to the community and say THANK YOU! I am also very excited to help and give back to all the workforce heroes who contribute so much to make Southern Maryland such a beautiful place to live, work, worship and raise children. Thanks for all you do. For more information in your area, contact:

# Town of Indian Head Useful Information

## Holiday Closings

Town Hall, Public Works and the Community Affairs Office will be closed on the following days this quarter in observance of the holidays listed:

**4th of July**  
**Monday, July 4**  
**Labor Day**  
**Monday, September 5**

If you have a water or sewer emergency after hours, call 301-743-5511 and press #5 to report your emergency. On-call Town personnel will be contacted and the problem will be handled accordingly.

After hours non-emergency type problems can be reported by leaving a message on the Town Hall office number 301-743-5511. Be prepared to furnish your name, address, phone number and brief, but detailed description of the type of problem. Water cut-offs for non-payment are not considered emergencies and are only handled during Public Works regular business hours.

## Town Codes

- **Burning**—No burning is allowed within the Town.
- **Animal Control**—Dogs must be kept on the owner's property unless properly restrained. The Charles County Animal Control provides animal enforcement within the Town. Call 301-932-1713 if you have a problem.
- **Abandoned or Inoperative Vehicles** are prohibited within the Town and may not be kept on the street for more than 24 hours or on private property, with certain exceptions. Call Code Enforcement at 301-743-5511 ext. 101 with any questions.
- **Property Maintenance**—Every dwelling and lot shall be kept free from trash and garbage. Weeds and grass must be cut and kept shorter than 10 inches.
- **Building Code**—The Town has an adopted building code. Any new construction or remodeling, including, but not limited to porches, fences, sheds and garages, requires inspection and a building permit from the Town.

## Town Meetings

1st Monday every month at 7:30 pm at the Village Green Pavilion. Televised 8pm first two Fridays each month on Comcast Channel 190. Meetings will also be televised on CCGTV on Mondays at 10am and Wednesdays at 7pm. Comcast channel 95 and FIOS channel 10.

## Town Hall

**Office Hours**  
**Monday - Friday**  
8:30 a.m. - 4:30 p.m.  
**Phone Numbers**  
Ofc: 301-743-5511  
Fax: 301-743-9008

## Recycling/Yard Waste/Bulk Trash

Solid waste products such as glass jars and bottles, newspapers, plastic bottles and metal cans will be picked up at the curb every Wednesday within the Town of Indian Head. Place these items in your recycling bin—no need to separate them.

**Yard waste** will be collected on Wednesdays, year-round, weather permitting. Grass clippings and leaves must be placed in brown paper bags or in a trash container marked "Yard Waste" and placed at curbside. Brush must be bundled and must not be any longer than four feet (4') in length. Individual pieces of brush must not be any larger than six inches (6") in diameter.

**Bulk Trash** can now be scheduled year-round on Wednesdays. Fee of \$50 (cash or money order **ONLY**) per scheduled pick-up must be paid in advance at time of scheduling at Town Hall. All items must be curbside by 7:00am on the pre-scheduled pick-up day but not earlier than 48 hours prior to pick-up day.

## Utility Rates

The Town bills for utilities on a quarterly basis. Please make note that you will be receiving a bill four times a year (July, October, January and April). **You are encouraged to make an estimated payment monthly toward your quarterly bill.** For more information you can call Town Hall at 301-743-5511

### Water & Sewer Rates

Minimum rate for all residential customers **\$ 70.40**  
**(per dwelling unit per quarter) plus**  
**\$6.85 for every 1,000 gallons used**  
Minimum rate for all commercial customers **\$212.80**  
**(per unit per quarter) plus**  
**\$6.85 for every 1,000 gallons used**

### Bay Restoration Fee

**\$7.50 to State of Maryland Comptroller's office for the Bay Restoration Fund**

### Trash Rates

**Residential/Multiple Residential Rate: \$ 60.00 (per dwelling unit per quarter)** - Billed quarterly for once a week curb-side pickup and one (1) recyclable products pickup per week.

### Commercial Rate
